

English for the Profession

Jene Paul Gedang, MAEd
Faculty, CASEd
University of Perpetual Help-Molino

“Most people do not listen with the intent to understand; they listen with the intent to reply.”—Stephen Covey

English for the Profession

Engagement Question:

What is your idea or expectation of the subject?

Course Overview

This course provides students with the knowledge, skills, and values necessary for effective professional communication in various workplace contexts. It covers the principles and practices of business and technical communication, including the writing and presentation of professional documents such as business letters, reports, memoranda, emails, résumés, application letters, meeting minutes, and business proposals.

Course Overview

Emphasis is placed on the writing process, audience analysis, workplace ethics, digital communication, and oral presentation skills. Through performance-based assessments and authentic workplace tasks, students develop communication competence, critical thinking, collaboration, and professionalism essential for career readiness and lifelong learning.

Course Summary

English for the Profession equips students with the communication knowledge, skills, and professionalism needed to produce effective workplace documents and presentations, preparing them for successful communication in diverse professional settings.

Introduction to Business Communication

Learning Objectives

- Explain the concepts and importance of business communication, including its goals, advantages, the 8 Cs, and the distinction between formal and informal communication.
- Apply the principles of the 8 Cs by composing clear, concise, and audience-appropriate messages using both formal and informal communication styles.
- Value effective business communication as an essential professional skill by recognizing the importance of adapting communication based on audience and context.

Facts about Communication

Grammarly & Harris Poll Study: Knowledge workers spend an average of **24.5 hours per week** (about 61% of their workweek) communicating. Out of this, roughly **20 hours** are spent strictly on written communication (email, messaging platforms, documentation).

McKinsey Global Institute: "Interaction workers" (managers, knowledge professionals) spend about **28% of their workweek** solely managing and responding to email, plus another **14%** in active collaboration with co-workers.

Facts about Communication

Lowtrace & Atlassian Studies: The average employee spends roughly **392 hours per year** in meetings (equivalent to about **7.5 to 8 hours per week**).

Over **50% of employees** report that a significant portion of this meeting time is spent in unnecessary or unproductive gatherings.

Facts about Communication

The **Joint Commission** in the US has repeatedly identified communication failures as one of the leading contributing factors in serious medical errors and sentinel events in healthcare.

Activity

Scenario

You will be absent tomorrow because of a fever.
How would you inform the following people?

Your Recipients

- Your best friend
- Group Leader
- Your professor

Instructions

Type your answer in the chatbox.

Why Are the Two Messages Different?

Reflection Question

Even if the purpose is the same, why do we communicate differently depending on who we are talking to?

Key Insight

This is the essence of business communication—communicating the same message appropriately depending on the audience.

What is Business Communication?

Business communication is the exchange of information within and outside an organization to achieve organizational goals.

Communicates Effectively With:

Supervisors
Colleagues
Clients & Customers
Stakeholders

Main Goals

Share information
Build professional relationships
Solve problems
Support decision-making
Achieve organizational objectives

The 8 Cs of Business Communication

Principles for Effective Professional Messaging

1. Clear — Easy to understand
"Submit your report by Friday."

2. Concise — Brief but complete
Avoid unnecessary details

3. Concrete — Specific and factual
"Sales increased by 18%."

4. Correct — Free from errors
Proofread before sending.

5. Coherent — Logically organized
Present information step by step.

6. Complete — All necessary info included
State what, when, where, and how.

7. Courteous — Respectful and polite
"Thank you for your patience."

8. Considerate — Audience-focused
Adjust language based on the receiver.

Key Takeaway

Applying the 8 Cs ensures your professional messages are always clear, respectful, and effective — no matter the audience or context.

Formal vs Informal Communication

Understanding communication styles in professional contexts

Formal

Professional

Official

Follows organization rules

Used with supervisors and clients

Informal

Casual

Personal

Flexible

Used with friends or close coworkers

Examples

Formal

"Good afternoon, Ms. Santos. Please find attached the revised report for your review."

Informal

"Hi Anna! I already finished the report. Check it when you're free."

Key Insight

Neither style is "better." The right style depends on the audience and purpose.

Async Activity

Read and analyze the three models of communication and expect a recitation by the next meeting.

- Linear Models
- Interactive Models
- Transactional Models

Key Reminder

Effective communication is a professional skill that requires constant practice, reflection, and adaptation to different audiences and contexts.
Be ready for recitation next meeting!
